Centralisers in Position Increase Cone Rigidity

**Sold in sets. See website for further information.*

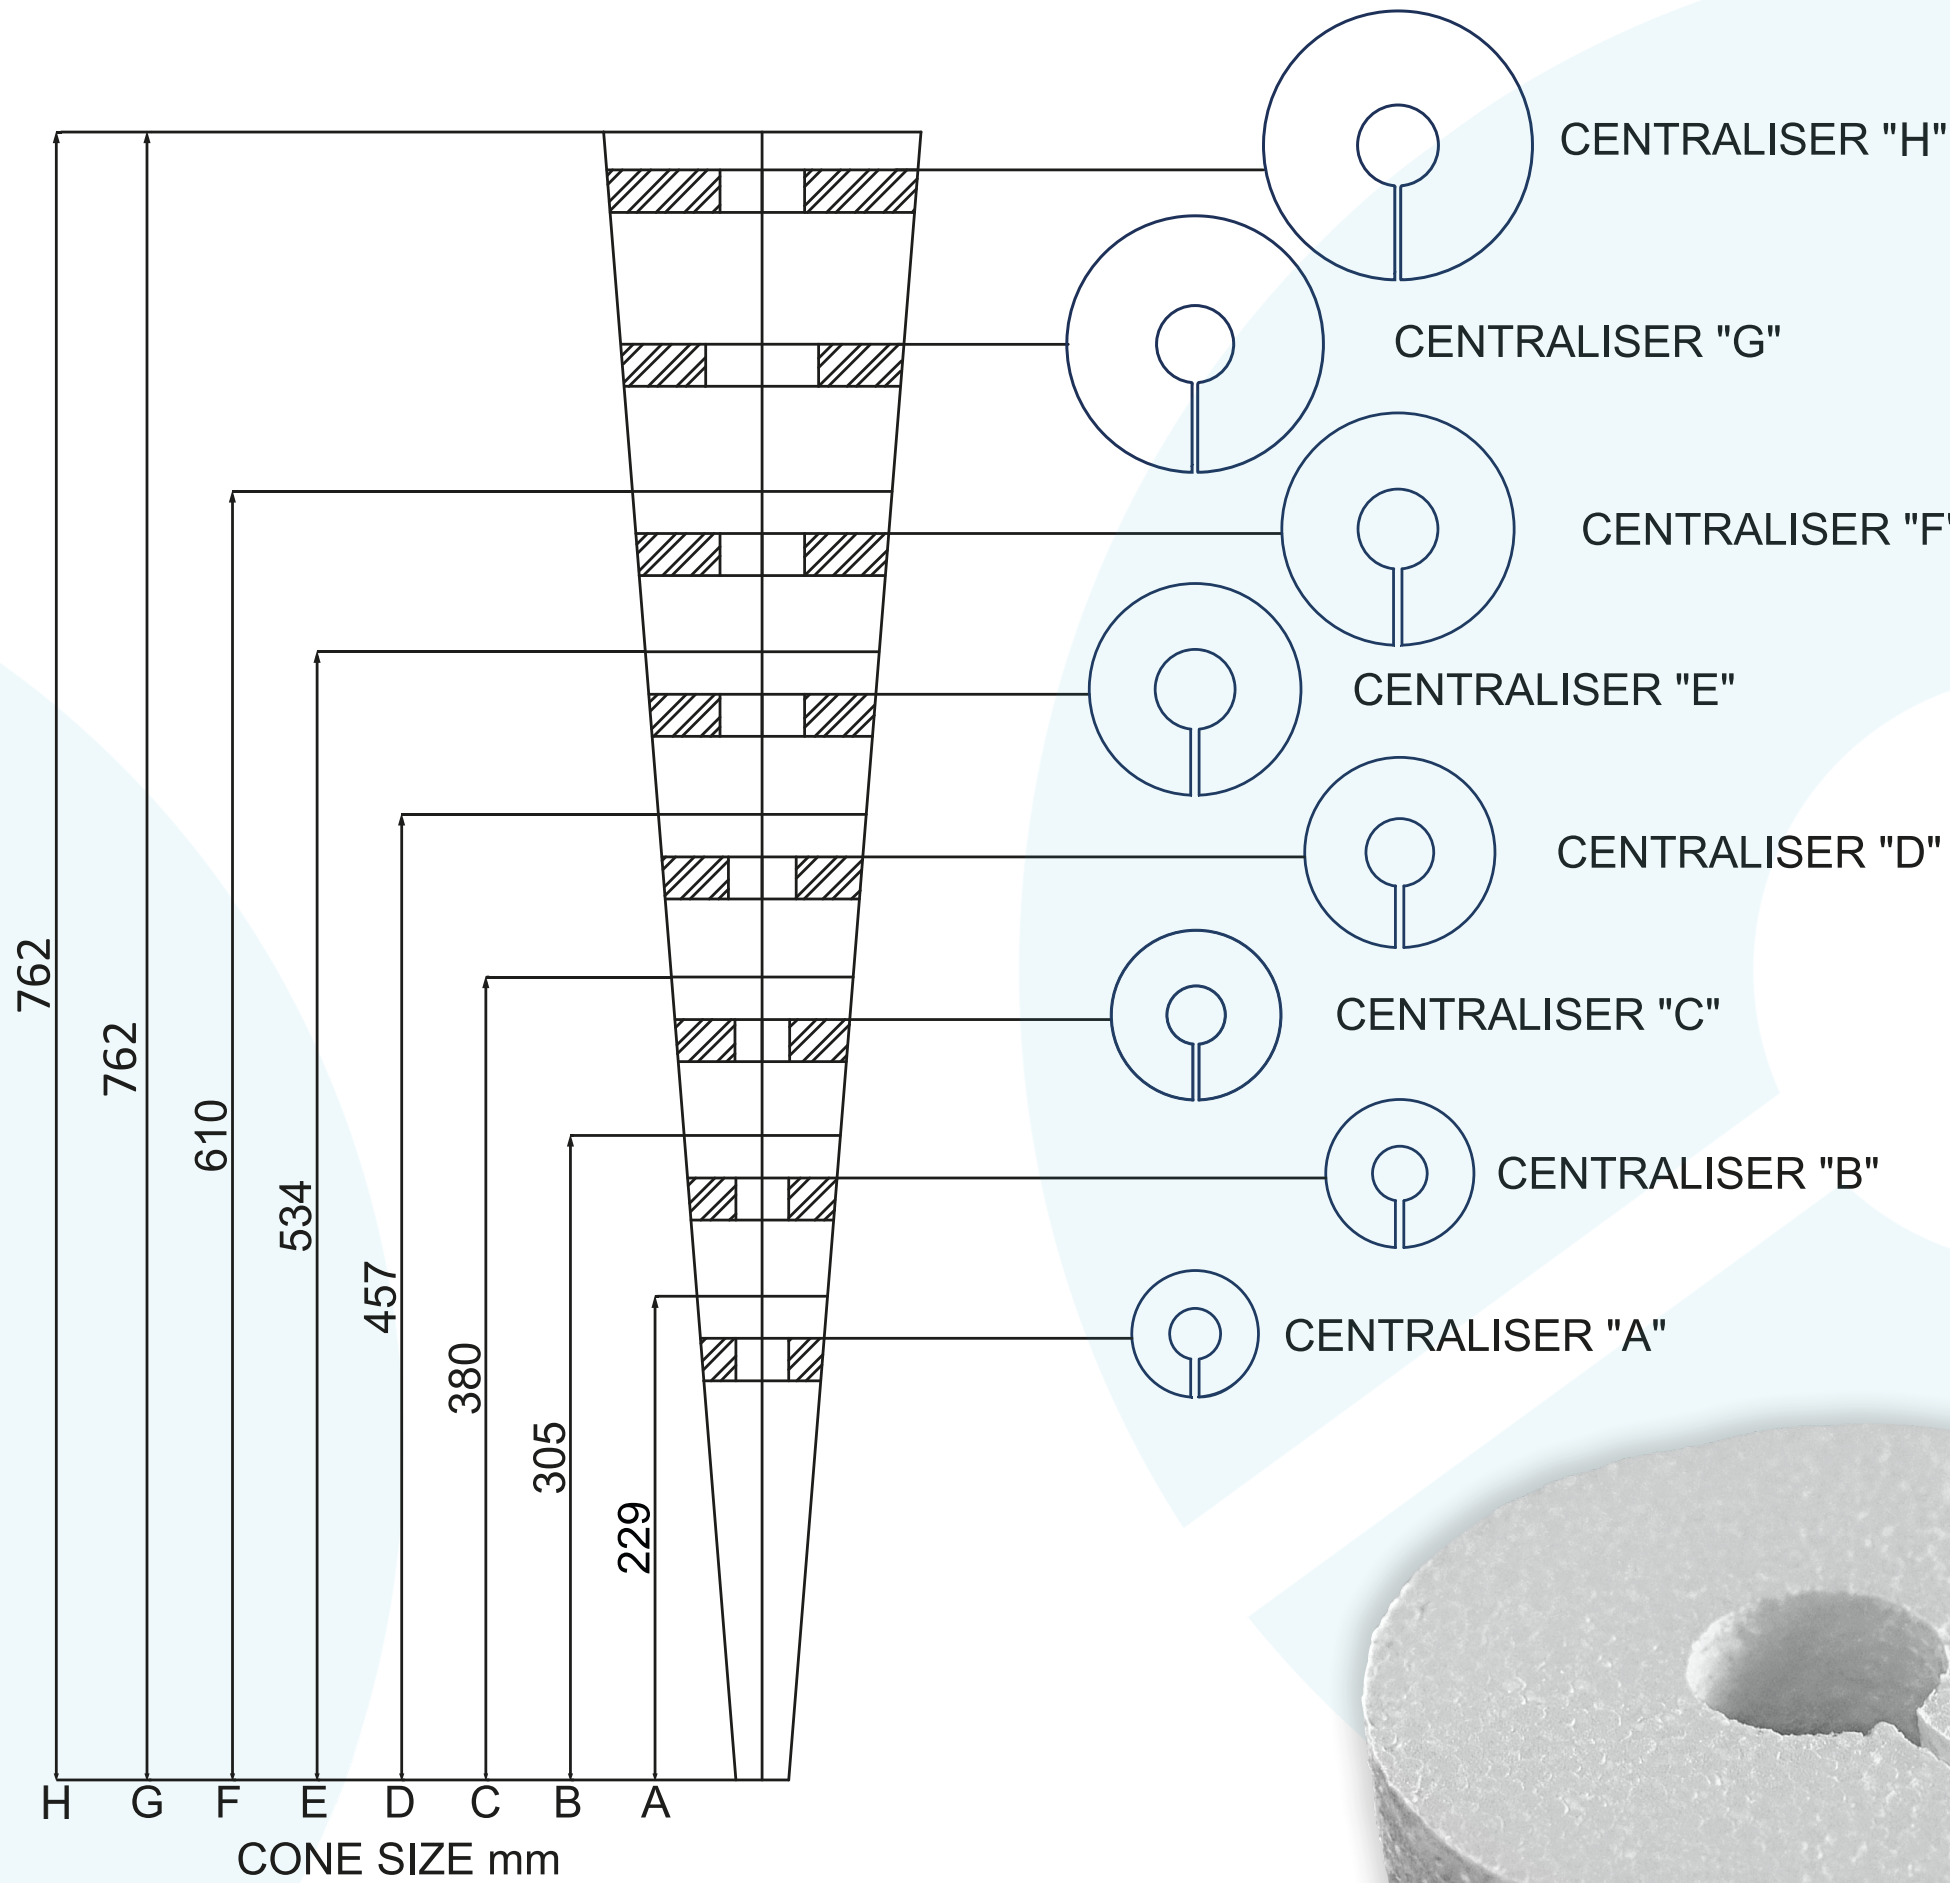

INNOVATIVE NEW PRODUCT

Solving an age old problem of positioning H.D. Bolts correctly.

Used in conjunction with traditional waxed cardboard cones gives 100% accuracy, increased productivity and reduced cost.

ADVANTAGES

- No Remedial Works Required - Cost saving
- Fast assembly of Bolt Boxes - Time & cost saving
- Stops Waxed Cones from Crushing
- Greater Productivity - Increased profits
- Easy Alignment of Structural Steel Frames
- Improved Construction Programme Timeline
- Client Satisfaction - Repeat business
- 100% Guaranteed Results Every Time
